If you are choosing an action camera and don't know where to start, H9 PRO is the perfect Action Cam for you!

It is easy to use even from a distance: thanks to the built-in WI-FI, through smartphone or tablet (iOS and Android) up to 15 m.

The 2-inch IPS display shows a clearer and brighter image than LCDs, and the touch screen ensures faster, more efficient, intuitive operation than other cameras that do not have it.

For motorcycle use, an external microphone is available to comment on your travels or record the roar of your engine (optional accessory, code C1582)

If you travel often or stay in contact with nature or do adrenaline-fuelled sports, you cannot fail to own a H9 PRO to have sharp and defined images even in the fastest actions and superior colour quality.

It has 7 video modes: loop, time-lapse, slow motion, fast motion, dash cam, web cam, diving. And it has 5 photo modes: normal, burst, timed, self-timer, long exposure

Your best experiences deserve to be immortalized and remembered!
